

INSTITUTIONAL MEMBERSHIP

ABOUT

The European Corporate Governance Institute (ECGI) is an academic network which recognises and supports the best academics in the field of Corporate Governance. Importantly, these academics combine the disciplines of law, finance, economics and management thereby encouraging multiple perspectives and collaboration on topics that are also cross-discipline in practice. The entry level for ECGI's Research Members is set extremely high, thereby ensuring the quality of the research that it circulates to its membership base and that it includes in its many workshops, roundtables and conferences.

Since its beginnings in 2002, ECGI has established a network of not only academics, but rather it has become the home for all those with an interest in corporate governance. ECGI members include students, lawyers, company executives, consultants, lecturers, international companies, academic institutions and more. See attached brochure for additional background information.

Prof. Marco Becht
Executive Director, ECGI
Marco.becht@ecgi.org

BENEFITS

- Belonging to a global network that is a home for all with an interest in corporate governance.
- Receiving communications regarding academic papers, announcements and events relating to corporate governance – multiple team members can receive these communications
- Attendance at the Annual Members' Conference (no charge), including a lecture, dinner and more.
- Priority for speaking opportunities, sponsorship opportunities, or attendance at private events.
- A dedicated profile page on the ECGI website (www.ecgi.global) which has over 8,000 monthly users. This may consist of an institutional profile page (see <http://ecgi.global/content/institutions>) and also a dedicated profile page for each individual team member.
- Affiliation with ECGI and the implicit recognition of being an institution that takes corporate governance seriously.
- Contributing to a corporate responsibility programme by being supportive of leading research at top universities around the globe.

CORPORATE INSTITUTIONS **€2,500** per annum (excl. VAT)

ACADEMIC INSTITUTIONS **€2,000** per annum (excl. VAT).

EVENTS

A list of past and future events is available here: <http://ecgi.global/content/event-list>

Many of our events are by invitation only (particularly the academic conferences), however if there are any events that you are particularly interested in, please feel free to contact us at any time and we will investigate the possibility of attendance. We will also share materials (papers, slides, videos) from our events with our members whenever possible.

The Annual Members' Meeting usually takes place in Spring (as an example, see the 2018 event programme on the ECGI website [here](#)). All members are welcome to attend this event (free of charge) and it is a good opportunity to meet with other members, learn more about ECGI's plans for the future, and engage with leading scholars.

NEXT STEPS

Should you wish to proceed with institutional membership of ECGI, you can inform us by return email and we will draft you a profile page, send you a proforma invoice and schedule a follow-up call. We are happy to provide additional information as required.

Institutional members can have a profile page on the ECGI website where they may add the following information:

- Institution name
- Institution logo
- Contact information & institution website
- Description field – about the institution
- Free-form text field
- Profiles of individuals associated with the institution – each linking to separate profile pages.
- Documents & links section – papers, brochures, research, events etc can be added to this section.
- Related ECGI news items – highlights events, news, videos on the ECGI site that are connected to the institution or its representatives.

The page can be managed and edited by a designated person at the membership institution.
